## DILLINGHAM OF VERMONT TO SUPPORT THE TREATY

Republican Senator has Conference with Wilson

After Which He Announces Support of Treaty with Reservations.

(By Associated Press.)

Washington, July 30.—Senator Dillingham, of Vermont, first of the republican senators to see President Wilson today when he resumed his discussion of the treaty with members of the Senate majority, announced on leaving the White House that he expected to vote for the treaty with reservations.

President Wilson did not indicate to the senator that he would make a public statement concerning Shantung and Mr. Dillingham said he did not get the impression that such a statement would be forthcoming.

Senator Dillingham said he had a very satisfactory and delightful talk with the President, who answered frankly many questions concerning the negotiations at Paris, including the Shantung settlement.

### HARDING CONFERS.

Senator Harding of Ohio also conferred with the President today on the peace treaty. Upon leaving the White House he said:

"The President specially emphasized the embarrassments and delays which would result from reservations on the part of the United States because such a course will justify similar action on the part of other signatories of the treaty."

Senator Harding denied he had become a convert to the President's program of ratification of the treaty without reservations.

## 1300 OFFICERS ARE REDUCED

(By Associated Press.)

Washington, July 30.—Reduction in the rank or discharge of more than 1300 officers of the Marine Corps was announced today by Major General Barnett, as a part of the program of reducing the corps from its war-time strength of about 7500 officers and men to a permanent strength of 2500.

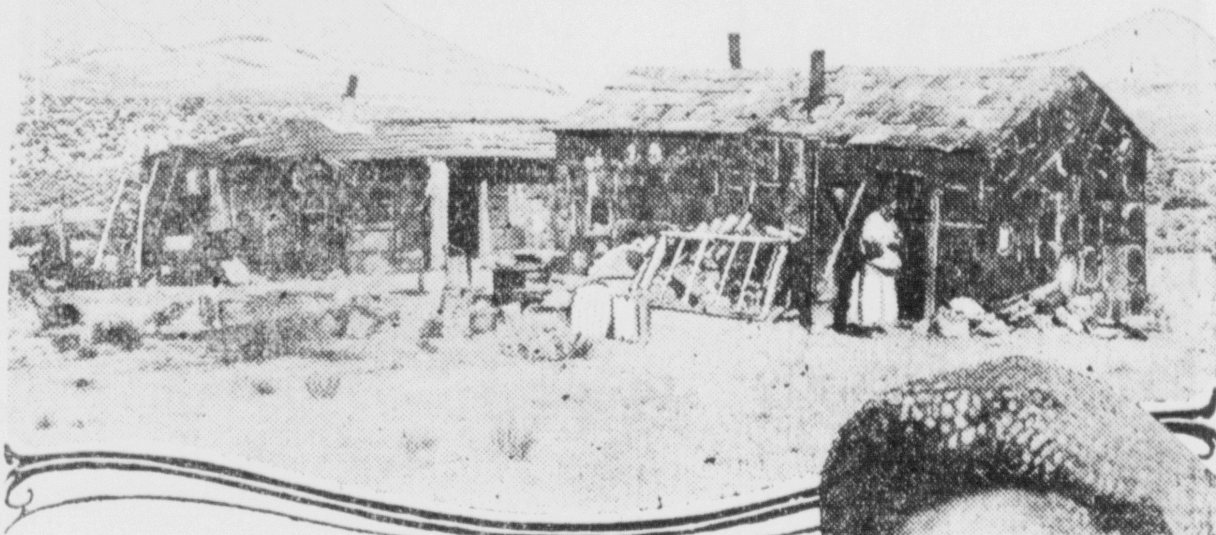

## GENERAL RANK FOR PERSHING

(By Associated Press.)

Washington, July 30.—Favorable reports on the bill authorizing appointment of Generals Pershing and March to the permanent rank of General, were ordered today by the House Military Committee.

The vote on Pershing was unanimous but the committee divided 8 to 7 on General March.

### EIGHTY-YEAR-OLD WOMAN WORKS MINING CLAIMS ALONE

Mrs. Nunes in doorway of home she built on one of her claims, and Mrs. Nunes.

Mrs. Mary J. Nunes, eighty old, owns several mining claims six miles from Tonopah, Nevada. She has sunk about twenty shafts. She does all the drilling, blasting and hoisting herself. She has built

a house out of old lumber and tin cans on one of her claims. She refuses to sell her holdings for less than \$50,000. "I'd rather work the claims until I'm a hundred years old than sell for less," she says.

## SAN FRANCISCO FLEET REVIEW IN SEPTEMBER

Secretary Daniels will Review Battlers at Los Angeles.

(By Associated Press.)

Washington, July 30.—President Wilson will not review the Pacific Fleet at San Francisco until early in September, it was said today at the Navy Department.

The fleet will be reviewed by Secretary Daniels at Los Angeles on August 9, and from that time until it enters San Francisco harbor will visit small ports south of Los Angeles.

## SHOTS FIRED IN CLEVELAND STRIKE CLASH

(By Associated Press.)

Cleveland, O., July 30.—Stones and clubs were used and a dozen shots were fired this morning in a strike riot at Broadway and East 25th street, when fifty strike sympathizers held up an auto truck loaded with strike-breakers bound for the plant of the Central Furnace Co.

The strikebreakers made no resistance and fled in every direction. Five hundred men at the plant have been on strike for more than a week, and sympathetic strikes on the Newburgh & South Shore Railroad have caused the throwing out of work of about 2000 other men.

## THREE DROWN WHEN SUB SINKS

(By Associated Press.)

New London, Conn., July 30.—The United States submarine G-2 which is listed as an obsolete craft and used for experimental work, sank with open hatches in Long Island Sound today and three of its crew of nine were drowned.

### BELGIUM RATIFIES TREATY

BRUSSELS, Tuesday, July 29.—(Associated Press)—The Foreign Affairs Committee of the Belgian Chamber of Deputies today passed favorably upon the question of ratification of the peace treaty with Germany.

## THE CLEVELAND PROBE IS BEGUN

Storage Plants First on Visiting List of Probers.

(By Associated Press.)

Cleveland, O., July 30.—Cleveland's food investigation was started in earnest today when two state food inspectors sent here from Columbus visited local cold storage plants to determine whether the state cold storage law is being violated, as has been charged.

## THE OPPONENTS OF THE SPECIAL TREATY ACTIVE

Seems Likely to Center on Two Points of Treaty.

(By Associated Press.)

Washington, July 30.—Informal discussion among senators today developed that opposition to the special defensive treaty with France which was sent to the senate yesterday, is likely to be centered along two general lines—that it is directly antagonistic to the tradition of no entangling alliances and that it subverts the constitutional right of Congress to determine questions of war or peace.

### FRANCE AWAITS

(By Associated Press.)

Paris, July 30.—A disposition to delay action on ratification of the German peace treaty until the United States acts on the United States-France military treaty was indicated today, to represent the majority view of the Chamber of Deputies peace treaty committee.

## STONE CONVICTED DESERTED MEN

Ten Years in Leavenworth for Second Lieutenant.

(By Associated Press.)

Ayer, Mass., July 30.—Convicted of deserting his men, whom he had led into the fire of the enemy, Samuel H. Stone, formerly a second lieutenant of the One Hundred and First Infantry Regiment, has been sent to Fort Leavenworth, Kansas, to begin a ten year sentence.

## DESTRUCTION OF PROPERTY NEXT IN ORDER

Sub-Committee of the House Switches from Abuse of Prisoners.

(By Associated Press.)

New York, July 30.—The subcommittee of the House of Representatives which has been investigating cruelties practiced on prisoners in American prison camps abroad turned its attention today to the destruction of American army property in France under direction of army officers.

The first instance taken up was the disposition of 100 airplanes. Witnesses testified that these planes were burned up after the engines had been chopped out.

Two cablegrams were read into the evidence today, one from General March to General Pershing inquiring about reports of destruction of property and the other General Pershing's reply denying the destruction.

Governor Cox in Addressing Conference Urges Drastic Action.

Ford Control Commission May Be Chosen for Ohio.

Attorney General Recommends Grand Jury Investigation in Every County.

Nearly Every County Prosecutor Attends and Takes Part in Discussion.

(By Associated Press.)

Columbus, O., July 30.—Recommendation that facts bearing upon the high cost of food be collected by Ohio prosecuting attorneys through grand jury investigations and turned over to the state attorney general with a view to laying them before the convention of state attorneys general at Boston, September 3rd, to be used as a basis for urging federal action, was made by Attorney General Price at the conference with county prosecutors here this afternoon.

Governor Cox, addressing the conference, declared:

"If conditions are as we believe them to be, it will be a contest between you and certain elements of evil genius," and "if we find that in the commercial relations between men the lust for gain is satisfied by artfully created privileges, then the common law must be invoked to bring it to an end."

The Governor also declared that the investigation may establish the necessity for a department of food control. On this subject he said:

"The time may have come when conditions will be vastly improved by creating such an organization in every county and have it tied into a direct line of communication with the state government."

Attorney General Price also declared that the time is approaching when consideration will have to be given the proposition of a state department of food control.

"Whatever may be the cause of present conditions which are well nigh unbearable," Attorney General Price said, "it is to be conceded that conditions exist which must be corrected."

On the question of a nation-wide investigation Attorney General Price said: "My personal opinion is the state of Ohio should through its officials, put forth every effort to discover the cause of present conditions of unrest in order that it may take its place as a contributor to a nation-wide movement."

Though an effort will be made to obtain a federal investigation, Mr. Price made it plain that prosecution under state law in Ohio will not be neglected.

Practically every county prosecutor was present at the conference and took a lively interest in the discussion. Besides declaring it may be necessary to establish a department of food control Governor Cox said it may be necessary to enact new laws under which the public may be better protected from profiteers and also that it may be necessary to change the state constitution so such laws can be enacted.

### TEMPERANCE WOMAN NOT "DRY" ADVOCATE

Lady Henry Somerset.

Lady Henry Somerset, the noted English temperance worker, declares that to force prohibition now would be the undoing of all her years of labor to obtain a sober England. She believes that America differs from England and that while prohibition may be all right in the United States it would mean a revolt in England. She intends to ignore the prohibition drive in England.

## COMPARATIVE CALM MARKS DAY IN CHICAGO

State and City Officials Encouraged by Day's Developments.

Only One Instance of Police Being Compelled to Shoot.

(By Associated Press.)

Chicago, July 30.—Comparative calm marked today's situation in the race war. No serious outbreaks were reported. The sporadic fights were few and mostly between individuals and in only one instance were police compelled to shoot. In that case a negro was killed while resisting search.

State and city officials were plainly encouraged by the diminishing evidence of mob spirit and all agreed that they probably would not have to use the state troops. Governor Lowden said he believed the crisis was passed.

### DEATH LISTS.

With the lull in rioting the police took stock. They checked the coroner's official death list of 26 and said that was complete. They also found the list of injured reported had increased to 325. Of the 26 killed, 12 were whites and 14 negroes.

## FIGHT BEGUN ON PROPOSED CLASSIFICATION

(By Associated Press.)

Columbus, O., July 30.—The fight on the proposed constitutional amendment providing for classification of property for taxation to be submitted to voters next November was launched at a meeting of more than 400 farmers, representatives of home owners' associations and labor organizations here today.

LANCASTER—City council voted to issue \$12,000 in bonds to build a municipal swimming pool and recreation park.

## WILD NIGHT IN CHICAGO SWELLS THE DEATH LIST

Bitter Fighting Between Negroes and Whites Spreads to All Sections.

(By Associated Press.)

Chicago, July 30.—Bitter fighting between whites and negroes spread last night to all parts of Chicago, the serious casualties being more numerous than at any similar period in the racial war.

The city authorities made no call for troops, and in the absence of such request Governor Lowden could not order the soldiers to take charge.

With the death today of Berger Odman, 21 years old, who was shot in the rioting last night, the corrected death list totals twenty-seven.

State's Attorney Hoyne announced today that the August grand jury will investigate the race riot and attempt to fix responsibility for the outbreaks.

Adjutant General Dickson, after making a tour of the danger zone today, reported the situation much improved compared with yesterday.

## BELIEVE END OF STRIKE NEAR

(By Associated Press.)

Chicago, July 30.—Strike-bound Chicago found hope of relief in the announcement today that chiefs of the surface and elevated men's union planned a referendum vote to determine whether the strike vote taken last Monday night should be sustained.

The union membership is 15,000; the attendance at the meeting where the strike vote passed over the protest of the leaders was 6,000.

### TO DEPORT 'EM

(By Associated Press.)

Washington, July 30.—A bill to deport undesirable aliens under which the government may send home enemy aliens now interned in this country was passed today by the House.

## RED CROSS UNIT OF SUNNYSIDE FORWARD STEP

Ideal conditions combined to make the picnic of the Sunnyside Red Cross Unit and Wesley Chapel Mite Society held on the Sunnyside school grounds Tuesday evening, a memorable occasion.

The interests were varied and changed with kaleidoscopic rapidity. About a hundred persons were in attendance. A sprinkling of the Boys of '61 was in sharp contrast to the larger number of the Boys in Khaki who were honor guests of the evening.

The supper, served in cafeteria style, was beyond description as to quality and quantity. Remembrance baskets were sent to the invalids, the shut-ins and the older persons of the neighborhood.

The banquet over, speeches were in order.

Miss Agnes Kerrigan was the first speaker of the evening, her theme being "Children's Playgrounds." She discussed the development of the child and the educational forces developed through play. An ideal supervised recreation center was pictured as a possibility of the remote future—a place where mothers might sit in the shade and tell their children of the great world war; when children will listen with bated breath to the story of the brave young lieutenant who sailed over the German lines on a September morn and never came back; where children might pause in their play to say that here is where our great-grandmother made Red Cross surgical dressings during the war; here is where Paul H. Hughey played in his childhood and here is where Clarence M. Hard went to school. It might even be known as the Paul H. Hughey and Clarence M. Hard Playground.

Following Miss Kerrigan's talk it was voted to equip the Sunnyside school playground with some new and up-to-date apparatus including the Toboggan Slide and the Giant Stride, as a remembrance of the Sunnyside Red Cross Unit and also in remembrance of the Sunnyside soldier boys. A fund left over from last year's Flag Pole Social was added to the amount subscribed.

Mrs. D. S. Craig was then introduced as the chairman of the evening, and the men present, including the young and old soldiers, enjoyed hugely the distinction of being the first men in Washington C. H. to be present at a real "Sufrage Tea."

Before leaving many of them, no doubt, changed their point of view and wondered why they hadn't been able to see it in that light before.

Mrs. Craig, always a charming speaker, confined her talk to a clear explanation of the fundamentals of suffrage.

Miss Edith Gardner, who is very close to the people of Sunnyside, and

who organized the war work in that neighborhood, made one of the strongest and most convincing talks of the evening. She depicted the fact that suffrage had not come in time for the women to go on record for prohibition in Ohio and promised many great things for the protection and uplift of the home when women receive the vote. Miss Gardner then, in the name of the women of the Sunnyside Red Cross Unit, completely surprised Miss Agnes Kerrigan by presenting her with a beautiful gold pin set with an emerald and pearls for her "faithfulness and loyalty."

Miss Kerrigan was recalled to the platform and while deeply moved, voiced in eloquent words her appreciation of the people of Sunnyside and the kindness and affection that has been hers for so many years, and her thanks for the gift which she will never cease to cherish.

When Miss Mary Robinson told of her work in the Home Service Department of the Red Cross, and what it means to "live in the house by the side of the road and be a friend of men," tears took the place of smiles and breathless interest was mirrored on the faces of her audience. Especially interesting was this talk to the soldiers to whom the Red Cross was "the greatest mother in the world."

Miss Robinson is an exceptionally pleasing and interesting speaker, always.

In closing the meeting Mrs. Craig asked all who were in favor of woman suffrage to stand, and those opposed to remain seated until morning, so that persons going along the street after daybreak might say that "there are the stationary people who do not want women to vote."

The verdict in favor of woman suffrage was unanimous and in haste to be classed with the affirmatives the young soldiers almost upset their chairs.

The banquet was ably managed by the chairman, Mrs. Glen Rodgers, assisted by a committee composed of all the women of the Red Cross Unit and the Mite Society.

A pleasing feature of the picnic was the bringing for comparison and interpretation of a number of post cards received from children in France, by the little tots of the Beginners' grade in response to a letter and gift of money to the French orphans—a remembrance of a May Day Party. Each child had received a personal answer.

## Propaganda

The radical change in the nation's attitude toward Mexico and especially the Carranza regime is easily noted in the news of the day and the statements issued by public officials.

We are experiencing a complete reversal of propaganda—for that is largely what the most of the mass of printed matter now appearing in the newspapers and periodicals, regarding Mexican conditions, may be properly called.

The majority of the American people are, now that some of our bigger problems are solved and others on the way to solution, heartily in favor of cleaning up Mexico for all time.

Committees on public information are a vital force, it seems, these days in molding public sentiment and, thus far, by holding to the official propaganda and disregarding that which has for its purpose the selfish ambition of individuals and corporations, no harm has resulted and tremendous good, in the way of developing and holding public opinion into concerted action, may be credited to propaganda.

There is, though, something about propaganda, official and unofficial, which does not appeal favorably to the American people. One great safety, however, to be noted is that the American people have no difficulty in recognizing propaganda and in accepting it for only what it is worth. The American people use their own reasoning powers, they apply their ability to separate truth from fiction and have not been led blindly into any action.

Propaganda properly directed is one of the vital forces in bringing co-ordinated effort among free people, but if that result is to obtain it must be absolutely true and have for its objective the accomplishment of a definite and a worthy purpose.

Propaganda properly directed is one of our greatest of all our war-time weapons, but the American propaganda adhered strictly to truth and directed public thought in concentrated effort on subjects not within the range of the great majority of private citizens.

Our experience with propaganda has been pleasant and productive of good thus far. It has brought knowledge to the people and developed wonderfully efficient action.

So long as propaganda consists of publication of fact—opening up the hidden places to public gaze—it can only result in good.

## Let Us Hope

We all wish the official food price probers success in their endeavors but, without being pessimistic and speaking with entire candor, we are not expecting very much in the way of real beneficial results.

Our experiences with probes into industrial and commercial activities, in the past, when public sentiment cried out against conditions, have not been such as to inspire complete confidence that present ills are going to be corrected or even that all the real facts are to be disclosed as a result of official effort.

Possibly though, if there is any wrong doing responsible for existing conditions, the guilty ones will attach more importance to the ability and intentions of the probers than the public generally. If so they may ease up a little on their activities.

We hope with the coming of this era of abundant opportunity we may have some real probes—real in intentions, real in ability and real in results—but thus far that is only a hope. If it is realized at the end of the activity, just launched, it will be a gratifying surprise.

## The Cincinnati Reds

It begins to look now very much like Cincinnati had a real base ball team—one that would last until the close of the season without a disastrous "blow up." The team is now home from its long trip and is right at the top of the clubs led only by the New York Giants.

It is too early yet to indulge in hopes for a penant on the flag staff at the old Western Avenue grounds, but a creditable showing in the final wind-up seems assured.

Chicago will bear watching from this time on, since the great Alexander has rounded into pitching form. New York, Cincinnati and Chicago seem destined to fight it out for the flag.

If Cincinnati would win the penant—but let's not get too enthusiastic just yet.

Manager Moran has accomplished wonders—perhaps he can keep the "Reds" up near the top until the season's close and perhaps they may breeze through to the bunting.

Imagine the crowds from here that would go to the old "Porkopolis" to see the world's series. One resident of Washington announced that if Cincinnati did win, he didn't believe we could get closer to the ball park than Morrow. He wasn't far wrong either.

## POETRY FOR TODAY

"THAT'S MY HOME!"

When "That's my home!" a man can say,  
It means much more  
Than statement of a title, detail small  
Apportioning possession of a house  
an lot, the lay  
Of land, the record name it bore  
As owner; for it means that man has  
built a wall  
To stand against the storm and tide  
Of shiftlessness, disaster; he is anchored sure;  
He can be found upon occasion; he has pride  
In his own work, in his own town;  
He is in loyalty, because of that one spot he owns,  
To just the neighborhood about and to the state;  
The nation's strength is set into the stones  
Supporting firm that cottage small or mansion great;  
Because this man can say and can appreciate,  
"That is my home!" he comes to be  
A citizen indeed and truth, a patriot responsible and free!

## Simple Operations Fitted Together

The business of Swift & Company is the fitting together of many simple operations.

No one thing in a packing business is particularly difficult for men trained to do it; but no one thing is enough.

Thousands of other operations, properly performed, are necessary for the completed processes. And some one must fit together all these thousands of simple operations.

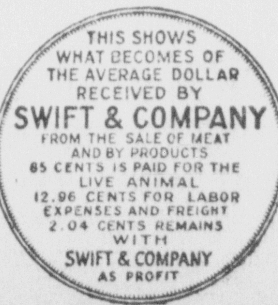

The success with which a packing business performs its function of supplying the best possible meat products to the consumer with the greatest possible benefit to both him and the producer depends upon the energy, brains, experience, and faithful effort of the men trained in the business.

Swift & Company turns the producer's live stock into meat for the consumer at a profit of only a fraction of a cent a pound, because it fits these operations together with the least waste, overlapping, and friction.

Do you believe government direction could do it better?

Let us send you a "Swift Dollar". It will interest you.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. C. P. Ballard gave a beautiful birthday party for her seven year old daughter, Betty, Tuesday afternoon.

Thirty-six children grouped happily around the bright little hostess, who did the honors very prettily in her dainty white frock with Frenchy sash of pink and blue. There was a merry round of games, with the fun stimulated by a peanut hunt and a Donkey tail contest. Billy Ireland won the trophy in the peanut hunt and Katharine Lee Henry in the donkey contest.

The children's delight knew no bounds when they were seated around a big table, having in the center a huge "Jack Horner" pie, containing a gift for each child. The pie was a beautifully embellished affair of white and yellow crepe paper, flaunting big yellow bows, and the table presented a most attractive picture, lighted with yellow candles in crystal sticks, yellow garlands overhead and happy children forming an out side circle of bright little human flowers.

The yellow and white tints prevailed in the tempting summer collation served and the cunning favors and fancy baskets filled with candies.

Mrs. Ballard was assisted in caring for the children by Mesdames Willard Story, Ray Maynard and H. C. Ireland.

The young hostess, who is a great favorite with her playmates, received a number of birthday gifts.

A perfect summer morning, the charm of the young hostesses and the spontaneousness of their hospitality combined to make the party given Wednesday morning by Misses Gretchen and Doris Willis in compliment to Miss Helen Buckley, of Holyoke, Mass., one of the most pleasurable of the season's informal affairs.

The guests numbered almost a score of young girls, whose congeniality of tastes made most interesting a morning spent together.

Summer flowers lent their fragrance and added a beautiful touch of color.

Miss Willis received in a pretty gown of ecru organdie with pink sash, and Miss Doris Willis in a handsome skirt of pink baronette satin with flesh georgette blouse.

Miss Buckley was very attractive in blue organdie and blue taffeta hat with rose facing.

Mrs. J. M. Willis assisted her daughters and a dainty summer reception was served.

Miss Eva Van Winkle of Cincinnati was an out of town guest.

Mrs. J. J. Kelly extended delightful hospitality to the young women of the Tuesday afternoon Kensington Club with a few additional guests Tuesday afternoon.

Garden flowers were in tasteful arrangement in the rooms and a dainty luncheon served.

Mrs. Fred Sprenger was a welcome guest from out of town.

Mr. and Mrs. D. H. Barchet and son Ira, Mrs. R. R. Kibbler and daughter, Miss Maxine motored to the Bainbridge Caves, Wednesday afternoon.

Mr. Willard Wilson, Mr. and Mrs. John Michael spent Monday and Tuesday in Columbus.

Mrs. Fred Lampe daughters Misses Lois and June and Miss Doris McCoy motored to the Greenfield Chautauqua, Tuesday.

Ervin Van Winkle returned to the M. M. I. Military Camp, Wednesday after a short furlough spent at his home, Jane Ann Van Winkle going to Buckeye Lake for a visit with her aunt, Mrs. C. C. Phibbrick.

Mrs. J. C. Dunn and niece, Betty McRoy, who have been the guests of Mrs. Dunn's brother, Mr. A. M. Brown, and family since the first of the week left Wednesday morning for their home in Chicago. Mr. Brown and daughter, Miss Ruth motored home with them for a short visit.

Mr. J. A. Vincent, of Williamsport, was the guest of his brother Mr. A. T. Vincent, Tuesday.

Mr. William W. Westerfield left

Wednesday evening for his home in New Orleans, La., after spending several weeks with his family and brother-in-law, Mr. Jess H. Millikan.

Mrs. W. C. Griffiths arrived from Union City, Ind., Tuesday afternoon to visit her son, Mr. C. H. Griffiths, and Mrs. Griffiths.

Mr. G. H. Hitchcock and son, Hiram, returned from a motoring trip to Cincinnati Tuesday night, leaving Mrs. Hitchcock with her mother, Mrs. J. D. Stuckey, until the last of the week. Mrs. Stuckey and daughter, Miss Blanche, who have made their home in Madisonville for a number of years, are moving to Terrace Park, a Cincinnati suburb farther out.

Dr. and Mrs. James Silcott, of Cincinnati are the guests of Mr. and Mrs. Joseph H. Harper.

Miss Margaret Shannon, who has been the guest of Mrs. Elmer Baughn at her country home above Bloomingburg, returns to her home in Dayton, Thursday.

Mr. and Mrs. A. D. Garringer, of near Jamestown were among Dollar Day shoppers.

Mr. and Mrs. James Sylvester motored from Bainbridge bringing home the former's mother, Mrs. Lucy E. Sylvester from a three week's visit. They were accompanied home Tuesday by Mrs. Alice Chenoweth, Misses Gladys and Mabel Nelson and Mr. Fred Kelly.

Mrs. Allie James and Miss Ollie Rowe have returned from a visit with Mrs. Wm. Lucas at Frankfort.

## SUNLIGHT PLANT TO BE ERECTED BY CHICAGO FIRM

Contract For Big Plant Of Sunlight Creameries Let Tuesday Night.

Completed Plant Must Be Ready For Use December First, Under Forfeit.

After considerable delay due to change of plans and obtaining what was deemed a reasonable bid, announcement is made that the contract for the main plant of the Sunlight Creameries, to be located on the Sales Barn lot in this city, was let in Chicago Tuesday night, to The William Adams Construction Company, and the finished plant is to be turned over to the firm ready for operation, on December 1, this year.

Further announcement is made that the contractors will be here the latter part of the week and will, within the next few days, be in this city to get things in readiness for breaking ground and proceeding with the work with the least possible delay.

It is announced that 100 to 200 workmen probably will be needed and most of these will be local men.

At the present time two buildings will be constructed, the main creameries plant and a smaller structure to be used for shower bath and locker rooms for employees.

The main building will be nearly 70 feet in width and at least 235 feet in length, with the third story extending back about 120 feet and the water tank and ice plant on top of the third story.

The structure is to be of reinforced concrete with brick veneering, a high grade of pressed brick being used for the front on Dayton avenue and south side. Wire cut brick will be used for the north side. Stone trimming will be used and the structure will be a most attractive one. The smaller structure will be 44 by 42 ft. and constructed of concrete and brick. It will be located north of the main plant, along Dayton avenue.

The elevated driveway which was included in first plans, will be abolished, and a graded macadamized roadway used instead.

When finished the plant will be one of the largest and most complete in America, and conforms with government requirements as well as state building requirements.

The cost of the structure is not announced, but is understood to have been even greater than at first anticipated, due to high cost of materials and labor.

It is further stated by members of the firm that the plant is being constructed with a view to additional buildings connected as soon as the business out grows the main building, and the main structure can be extended back as far as necessary.

The firm of contractors who will build the structure have established a reputation for doing their work on time.

Until the new plant is ready the Sunlight Creameries will continue to occupy the temporary quarters in the eastern part of the city, where they have been greatly handicapped and will be until the new plant is ready, although at the present time producing upward of 40,000 pounds of butter weekly.

## THREE FAST ONES PLAYED WEDNESDAY

Three fast games of volley ball were played by the Men's Volley Ball teams at the Y. M. C. A. Wednesday noon. Clagsens held the lead and increased his percentage by winning two more games.

Fite and Wilkin were easily defeated in rotation by the Clagsens crowd by scores of 21 to 8 each.

A hard game was then played between the two losers, the Fite followers having an edge on the Wilkinites and Fite won 21 to 20.

The standing of the league, including Wednesday's games, follows:

Team	Games	W	L	Pct.
Clagsens	4	4	0	1.000
Fite	4	2	2	.500
Wilkin	4	0	4	.000

## XMAS SHOPPERS BUSY TUESDAY

It has been discovered that the Dollar Day sales were not ordinary sales that appeal to thrifty shoppers alone but developed into Christmas shopping.

Many declared that they purchased articles which they put away for the express purpose of giving at the holiday season and that the saving made more than repaid for the trouble of storing them until Christmas.

Earlier Holiday shopping has never taken pace before in the local stores.

## BLOOD POISONING PROVES FATAL

Relatives and friends in this community were shocked to learn of the death of Mrs. Herschel Fletcher at her home in Frankfort, Tuesday evening at seven o'clock.

Mrs. Fletcher was ill only about an hour, her death resulting from blood poisoning. Just the first of the week she visited in this city at the home of her brother, Mr. Homer McCune.

Mrs. Fletcher spent the greater part of her life in the Camp Grove community, where her interests in the church and community activities made her well known and loved by many friends.

She was a daughter of Mr. and Mrs. D. C. McCune near New Holland, and besides a grief stricken husband and three year old daughter, Josabel, she leaves one sister, Mrs. Elmer Hutchinson and six brothers, Homer, Herman, William, Charles, Elmer and Leland.

Funeral services will be held Friday morning at ten o'clock at the home. Burial will be made in the Frankfort cemetery.

## CITY FLUSHER IN OPERATION

After several days delay the parts for the Studebaker flusher arrived and the machine was put in operation Wednesday afternoon. Work was first started on East street and it was clearly apparent that very satisfactory results will be obtained from the use of the flusher.

The large tank holds 750 gallons of water which is forced from a nozzle on the side with tremendous pressure by a gasoline engine and washing the fifth in the streets to the gutter where it is washed into the sewers.

## MARRIED IN XENIA

Miss Mabel Agnes Brennan, daughter of Mr. and Mrs. James Brennan became the bride of Lawrence Parker Monday afternoon, the Rev. Albert Burke, pastor of St. Brigid's church, performing the ceremony at the rectory.

"Following the ceremony Mr. and Mrs. Parker started for Washington C. H., where they will visit Mr. Parker's parents. They will live in this city. Mr. Parker is employed as clerk at the Pennsylvania station."—Xenia Gazette.

## FREE ATTRACTIONS TO FEATURE FAIR

Announcement is made by the management of the Fayette County Fair that a contract has been made with several high class troupes for an interesting program of free attractions.

Ancient and modern sculptor posings will be made by the Dellamead Troupe. High flying ladder performances will be a feature of the Earl Sisters Troupe. A high class novelty and comedy act will also be on the program. Each program will close with the Ferris Wheel Girls in musical and aerial trapeze acts.

These attractions are all high class and are expected to make a decided hit with the patrons of the fair.

If the former Kaiser can select the verdict as well as the jury, he is evidently willing to be tried.

## HILLERY TO MEET A REAL WRESTLER

When Tommy Hillery, local heavy-weight wrestler, meets John Pataki at Sunnyside ball park Monday evening it will be the first big match that he has ever taken on. The match will be to a finish for two out of the three falls.

John Pataki is a clever and fast man and has never been defeated by a man of his own weight, and if the big Hungarian is defeated by Tom it will mean that the local boy will get a chance at the best men of the ring and a reputation for himself.

An eight round boxing bout will complete the entertainment and with these two clever lightweights, O'Dowd and Marton, facing each other, it promises to be a great clash.

It is announced that the gates at the park will open at 7:30 and the show will start at 8:15.

## DIVORCE ACTIONS IN PROBATE COURT

Two additional divorces cases have been filed in Probate Court.

Jerrett Sword asks divorce from Stella Sword and charges her with neglect of duty. The plaintiff among other charges states that the defend-

ant has willfully refused each day to prepare his breakfast. The plaintiff also charges desertion.

The couple were married in Greenup, Kentucky, May 26, 1912. Attorney W. E. Maynard represents the plaintiff.

In the second case Nettie M. Cook seeks divorce from Samuel A. Cook and asks for alimony and restoration to her maiden name of Nellie M. Gra-

ham. Plaintiff charges the defendant with gross neglect of duty and extreme cruelty.

The couple were married in Scioto county, December 25, 1904. The plaintiff is represented by W. E. Maynard.

# NO LICENSE FEE FOR FISHERMAN

Recent announcement that fishermen in Ohio would be required to pay a license fee of \$2.25 before they could fish has proven incorrect and the error, which was spread throughout the state, was due to the state printer failing to insert the word "non-resident" in the copies of the law sent to every county in the state.

As a result of the error, Chief Warden A. C. Baxter is being besieged with inquiries and has issued a statement correcting the error made in sending out copies of the law.

Residents of the state, fishing in the streams and bodies of water in the state, need not have a license to fish, but non-residents of the state, coming into Ohio and fishing, must obtain a license and pay a fee of \$2 for the license and 25c to the clerk of courts issuing such license.

The following dispatch from Columbus throws light on the error which caused fishermen all over Ohio to be up in arms:

"The two-dollar angling license law passed by the Legislature is for non-residents of Ohio only, according to Chief Game Warden A. C. Baxter, who has been besieged with letters and telegrams today, following copies of the law sent out over the State by the Secretary of State's office, in which the word "non-resident" was missing. Baxter will ask the Secretary of State to mail out corrected copies at once."

# ROAD EXPLODES IN MANY PLACES

The recent boiling sun has created havoc with the paved road on the Leesburg pike, according to persons passing over that thoroughfare.

It seems that the hot sun caused such unusual expansion of the brick that in a score of places the road literally exploded and sent the brick all over the surface of the road, no provision having been made to permit of such expansion as necessary to prevent the explosions.

# ANNOUNCES PAY WILL NOT SHRINK

Recruiting Officer Smith, who is stationed at the Armory in this city on the lookout for recruits, who are very, very scarce, has received the following telegram from the recruiting station at Cincinnati, regarding pay of soldiers:

"Newspaper reports that pay of enlisted men will revert after present emergency to pre-war scale are incorrect. Period appropriation bill for fiscal year nineteen twenty provided that provisions of act approved May 18th, 1917, insofar as it increases the pay of enlisted men of the Army, are continued in force and in effect from and after the date of approval of this appropriation act of 1920 period. You will give wide publicity to these facts.

# MAN IS BITTEN BY RATTLESNAKE

James Watts, farmer, residing on the Cary Brown farm near Circleville, is in a somewhat serious condition as result of a rattlesnake bite.

Watts stepped from the house in his bare feet, early Sunday morning, and placed a foot directly on the rattler coiled near the doorsteps. The reptile struck Watts twice on right foot.

Obtaining a light Watts chased the reptile under the house, then proceeded to treat the fang wounds, which had become badly swollen.

Within a short time his leg was swollen to the knee and was becoming badly discolored. A physician was summoned and by means of a heated bottle placed over the wound and allowed to cool, drew the venom from the wound.
